"The Times Of Your Life"

The most exciting night of the spring was May 2 — the annual Junior-Senior Prom.

The atmosphere was set by silver stars and shimmering blue streamers covering the walls. Suspended from the ceiling, a revolving silver ball added sparkling lights to the scene. Set in the surroundings of the theme "Times of Our Lives," couples danced to the music of "La vie" in the high school cafeteria.

The 1980-81 court consisted of couples: Leslie Maison and Greg Murzynski, Andrea Sznajder and Dan Wayand, Paula DeDionisio and Geof Dalglish, Tyra Beason and Brian Zatkoff, and Pam Henry and Don Vrenna.

The climax of the evening came with the crowning of the prom King and Queen, Geof Dalglish and Leslie Maison.

New Challenge For The 80's: Man Vs. Machine

Video Mania

The video craze became popular in 1980 and has really caught on. In game rooms, like the one at Putt-Putt, enthusiastic players have spent LARGE sums of money dodging oncoming missiles, blowing up spaceships, or moving a frog across a highway. Among the various games played are Gorf, Pacman, Defender, Centipede, and Froggers.

These electronic devices have not only replaced pinball machines; they have invaded our homes as well. Students and their families have abandoned TV shows for Atari, Odyssey, or Intellivision. Clearly, the computers have captured the entertainment market.

RIGHT: Missile Command challenges the missile guiding abilities of Ed Martin.

BELOW: Jay Layton purchases tokens at the front desk.

Cubik Rubes

Rubik's Cube has swept the school. This plastic creation has become an obsession for some, and a happy study hall pastime for others.

According to "People Magazine", the original prototype was assembled from wood in Budapest, Hungary, by a junior professor of architecture.

Erno Rubik, 37, has been saving his royalties of $800,000 from the 4.5 million cubes sold worldwide in 1980-82. He may retire early.

Since the cube came out, many other mind twisters have entered the market. There are a few variations of the cube, as well as, the "Missing Link" and the "Snake."

In London, England, a boy named Mark Musker can do the cube in less than half a minute. One of our own students, Bert Pasquale, seems intent on challenging this record.

Back at Harb, we have our own "Cubik Rubes," as well as others who enjoy twisting their eyes out of focus.

We asked the student body, "What do you think of Rubik's Cube?" Here are some of the positive answers we got: "I finally can get two sides!"; "Fascinating device:"; "It would be neat if I could figure it out!"

On the other hand, there are many people, including faculty, who dislike it intensely. These are their comments: "What do I think of it? — not much:"; "I hate that thing!"; "They're for morons!"; and "Melt them all."

Whatever their feelings, there are hundreds of cubes floating around the school. It's just the thing to keep your hands busy if you've got nothing else to do.

"Friction" At Homecoming

"What! I can't believe it!" was the reaction of most students to the news that there was to be no Homecoming pep rally. Despite this fact, most everybody was in high spirits Friday night as Jill Lander was crowned queen. Their spirits were heightened as the Huskie football team defeated Northwestern.

This spirit, combined with beautiful autumn weather, made conditions for the Homecoming dance just right. After a dinner at some luxurious restaurant, the couples were ready to rock and roll to the music of "Friction." All in all, it was an evening no one will forget.

Out To Lunch

On September 1st, 1981, lunch prices at Harbor Creek High School were raised from seventy-five cents to one dollar and ten cents. This price increase came about as a direct result in the cuts in federal spending.

Although, in December, the price was cut to ninety cents, there were still a lot of mixed feelings around school about the high price. Students stopped buying their lunch because they felt they got a better quantity and quality of food by brown-bagging it. There were rumors that because students weren't buying lunches that some of the cafeteria workers might be dismissed and that the hot lunch program might be cancelled, but the rumors turned out to be just that. It is true that the number of hot lunch buyers has decreased greatly, but on days when pizza is being served you can still see people pushing and shoving for a place in line.

RIGHT: Even though the price was raised some students like Terry Adams still preferred to buy their lunch.

How Do You Feel About Lunch Prices?

"I feel 70¢ for a peanut butter sandwich is too expensive." — Lori Beanland

Senior Play Features Two Casts

In April of 1981, the Senior Class play "You Can't Take It With You" was staged in the high school auditorium.

This comedy, directed by Kathy McClurg and assisted by Kristin Fry, featured the conflict of the very casual and zany, but happy lifestyle of the Sycamores with the unhappy stuffed-shirt lifestyle of the Kirbys. In the end, the Kirbys are finally converted to the happy madness of the Sycamores.

The strange activities of this play were portrayed by two separate casts - one for each night of the play. Playing the leads were: Chris Nedreski and Jo Stromeyer — Penny, Kelly Hetrick and Jana Klins — Alice, and Bob Haupt and Jerry Gronborg — Martin.

ABOVE LEFT: Mr. and Mrs. Kirby (Kevin Ester and Leslie Garwig) make an untimely entrance into the Sycamore household as the Sycamores try to cover up the zany goings-on.

Department Draws Attention Of Students

The Harbor Creek art department is a dynamic part of our high school. Exposure to various art forms and their relation to jobs is of major importance in this department. In the junior high, art class is one of the required cycle classes. In the senior high, the artistically inclined may choose between Fine Arts and Photography. The teacher of both classes is Mr. Humes, who makes sure that the atmosphere in his classes is always creative.

Photography classes deal with varied subjects such as typical aesthetics; a basic knowledge of the camera, its parts, and its working; and appreciation of photography that we are exposed to everyday. Students explore the use of pictures, both artistic and practical. The Fine Arts classes basically go over drawings and paintings in a variety of mediums.

Whether for the educational, aesthetic, or simply recreational value, the art classes are the places to "draw" your interests.

Flat Tire Fails To Deflate Spirits

At the wee hour of five a.m., the "Techies" accompanied by the Marshalls and Mrs. Nichols ventured forth, and everyone had high hopes. How was this group to know that three hours into the trip their bus would have a flat tire? For an hour, they jokingly tried to make the best of things — people took pictures and collected pieces of the tire for souvenirs.

This bad luck seemed to follow throughout the rest of the trip. In addition to the flat tire, broken air-brakes on the bus slowed the trip. It was a common occurrence to deal with defective air conditioning in ninety-degree weather.

Somehow, these problems didn't spoil the trip down to Washington, D. C. and Williamsburg. On the way to the Thrift Inn near Colonial Williamsburg, the Tech class visited Monticello, the home of Thomas Jefferson.

The second day of the trip was spent in Williamsburg. Movies, craftshows, gift houses, a jail, and a church of the early 1700's were open for visits. Many said Williamsburg was like a step back in time with the exception of all the tourists and joggers. A few considered bringing home one of the joggers as a "souvenir." Before leaving the Williamsburg area, some of the group dined at "Christiana Campbells", a seafood restaurant.

On the final day of the trek, the students explored the Lincoln and Jefferson Memorials, and the Capitol Building surrounded by cherry blossoms in full bloom.

Close friendships were formed on the trip. Perhaps, these places will be visited again and bring back memories of a special trip.

Almost Anything Goes

Breaking into the silence of the Harb halls at night, the sounds of voices, musical instruments, and laughter filled the usual quietness. What was the cause of this pleasurable disturbance? The Annual Variety Show under the supervision of Mr. Baran and stage manager Craig Heuser.

Although the performers had the usual cases of stage fright, the show was a tremendous success. Introduced by emcees Renee Terrill and Gary Sawtelle, the show was opened by the impressive jazz performance of Don Tyler, Scott Morschhauser, Jim Hohman, Bill Conaway, and Mike Foster. Tumbling out on stage, Dawn Cockburn and Amy Logan displayed their gymnastic ability to "Physical." Later, Brenda Sweet and Scott Morschhauser added a bit of levity to the program by their routines.

However, the surprise act of the evening was the guys' chorus line featuring the crazy legs of Scott Jackson, Randy Shannon, Dave Leroux, Tom Pearson, Mike Bean, Burt Pasquele, Brian Dustin, Mark Wilt, Rob Warner, Brian Batten, Scott Morschhauser, and Rich Pottorf. It was what the show title promised "Almost anything goes!"

Harbor Creek's Espirit D' Corps was suffering slightly until our basketball team made it to their Western Finals. Since then, group spirit has been on the rise.

We have many reasons to be proud of our school. Last spring, the girls' softball team made it to the State Championship. Despite a valiant effort, they lost to North Penn in the finals, but their accomplishment was still fantastic. Making it six in a row, the Harb baseball team captured another county title. On the field, two of the track team, John Collier and Dan Wayand, bagged first place honors in the 800 Meter Run and the Long Jump respectively. While earning this top honor, John Collier set a new record. In girls' track, Deanna Volk represented District 10 for the second year in a row and placed eighth in the state in javelin throwing. At the Billie Jean King Tennis Center, Karen Morgan and Geof Dalglish teamed up to annex the District 10 Mixed Doubles Tennis Crown. Not only were we awesome in sports, the HI-Q team lost in the finals to Fairview in a contest determined by the last question.

The 1982 school year continued this spirit. In football, Brian Siverling received All-State honors on defense and honorable mention on offense. For a second year in a row, Karen Morgan repeated as District 10 girls' singles champ. Capping off the fall sports' accomplishments, the cross country team took first in Districts upsetting the long-standing champions, Cathedral Prep.

As long as our school spirit is great, we'll continue to be leaders. We're walkin' tall; talkin' proud.

A Boo-tiful Day

Hallow's Eve crept up on us again, and the halls of Harb were suddenly alive with ghosts from all walks of life. Pirates, witches, gypsies, and even animals appeared out of the woodwork on Friday, October 30.

The spirits seemed to congregate at lunchtime. One group of students would have been the envy of every little boy or girl, when they had lunch with Bugs Bunny. At various tables throughout the cafeteria, enjoying a ghoulish lunch, were werewolves, Frankensteins, and ghosts. As usual, Darth Vader brown-bagged it.

The student government had a pumpkin carving contest. Among the more unusual entries were a Rubik's Cube nut, a teenage pumkin with acne, and a complex arrangement of corn stalks and candles outside of Ed Robasky's Homeroom. The winning entry was a unique jack-o-lantern in Mrs. Bowen's homeroom, which used the stem for a nose.

As Friday passed into history, the ghosts disappeared into the woodwork to wait another year for the time when they would hear the call to haunt again.

The Question: To Do Or Not To Do?

"There's nothing to do in school." But, this isn't the case in the junior high at Harbor Creek. Both morning and evening activities are provided for the students to add the chance for fun with their classmates.

In the morning, Mr. Nick Piano organized a morning basketball league. Every morning, the students jammed the doorways of the gym to watch their favorite teams. One unique feature about this league was that it was co-ed. Two girls teams competed in the male-dominated league. It seemed when the girls play there were few more spectators.

There were also two evenings of recreation — the junior high pool party at the high school and the skating party at the Skate Lodge.

The skating party was sponsored by the Harbor Teens and the Junior High Student Council. These organizations provided this night free of charge to the students. All seemed to have a good time despite the bumps, blisters, bruises, and broken bones.

While students in other schools are complaining, the Harb junior high students are busy doing the things other students wish they could.

Graduation — It's Only The Beginning

As June rolls around, the toughest day in the life of a senior arrives — graduation. Although most seniors are eager to get out of high school and begin working to reach their life time goals, they all also feel a little insecure about leaving the guidance of old friends, parents, and teachers. It is finally the beginning of the long sought road of independence.

As the seniors receive their diplomas, they realize — this is it! After this, there will be not only no more long classes, cold rooms, and loads of homework, but also no more games, proms, dances, variety shows, pep rallies, or lunches in the cafeteria.

These reflections and memories will be enough to bring tears into some eyes. However, despite these anxieties, everyone will be anticipating the times to come knowing that graduation is not the end, but the beginning.

A Fair Exchange From South America

This year, Harb was honored to have as their foreign exchange student, Aida Gioconda Mosquera from Ecquador.

While at Harbor Creek, Gioconda is staying with the McGonagle family. Besides her friendship with this family, her warm personality has made her many new friends. In fact, she plans to go to Toronto with Diane Erdle and Linda Campbell.

When asked about the things that she enjoys in the United States, Gioconda replied that she really enjoys American food and the Millcreek Mall. However, she strongly dislikes the snow and won't miss it when she returns to Ecquador.

Although Gioconda relishes the friendships and new experiences here, she is homesick and can't wait to return to her home and family.

Her visit has affected many people; therefore, she will never be totally forgotten by the people who knew her.

Topping the Senior Charts

In the Senior class, "Lynyrd Skynyrd" easily took first place. It seemed that everyone polled had a different favorite song and it was hard deciding on a winner. In the end, however, "Free Bird" came in first and barely beating "Tom Sawyer." Clearly, rock was the winner in the music category. However, Bluegrass and Southern Rock received a large number of write-in votes.

Topping The Charts In 11th Grade

"Air Supply" and "Here I Am" returned to the top slots again. Rock also came out a winner. Strangely enough, many of the juniors couldn't think of a favorite group or a favorite song. Maybe, this expresses a wide appreciation for various styles of music.

Lunchtime!!

The situation in our cafeteria is really
quite grave,
Very much like animals the students behave.
Stuffing whole peaches in their mouths comes
first,
Then blowing up milk cartons until they burst.
Putting peas and yogurt on their friends'
chair,
And afterwards laughing at the messy derrieres.
Keeping their mouths open when they chew,
They'd pass for cows if they could moo.
Ketchup and mustard all over their faces,
Great big gobs of gook caught in their braces.
Crushed potato chips are put in purses,
Watch the culprit laugh while the victim
curses.
In the books go spaghetti, salad, or a bun,
If you get hungry, just munch out on page 31.
Now with the tables to begin,
They've got so much garbage on them it's almost
a sin.
In center are thrown bags and wrappers of all
sizes,
Watch closely while each pile slowly rises.
Lunch to them is an "Animal House" game,
And it will probably always be the same.

Always A Smile To Share

On Friday, November 6, Kevin Patton was accidently killed by a train while walking home from school.

From Parma, Ohio, Kevin resided at the Harbor Creek Home for Boys and was a member of the Sophomore class. He was looking forward to going home in May.

While at Harb, Kevin's favorite subjects were biology and algebra. Although he hated gym, he was an avid swimmer.

Kevin, with a sprinkle of freckles on his face, always had a smile to share with others. He really enjoyed being with people and made an effort to be liked by all. Because he was so friendly, Kevin will be missed very much by those who knew him.

Topping The Charts In

The Freshman Class

In the ninth grade music poll, "Air Supply" came in second to "REO Speedwagon" in a close race. Classical fans should be happy: the New York Philharmonic came in fifth. "Super Freak" hit number one again by tying with "Private Eyes," while both were followed closely by "Destroyer." Once again, rock was the clear favorite.

Soft Sell And Hard Hats

The Junior High's magazine sale, which began in mid-September this year, put $2,000 in their savings. What happens to this money?

One year, they bought a new scoreboard for the Senior High gym. Another year, the money went toward the bike stand by the breezeway.

Everyone that participated won something. The big prizes were two large speakers and a check for $50. By the end of September, many students were wearing white plastic hard hats; some, with fuzzy creatures, called "Wee Pals." Others received albums, mugs, and "Stuffies," (little teddie bears.)

Overall the sale was a great success and the excitement caused by the sale helped ease the "September blues."

Bright Future Ahead

Eighth grade is usually the time a student starts to think about future goals. Often, it is a difficult decision - and many aren't sure.

When the yearbook staff took a survey, most wanted to go to college; others were just happy to graduate from Harbor Creek. Replies included the usual careers of nursing, teaching, and dancing. On the other hand, a few women libbers would like to drive trucks. Many traditionalists were still content to forego this adventure and opted to marry and raise a family.

The "American Dream" of playing professional sports was reflected in the answers of the eighth grade boys.

Despite the wide variety of answers, most responses seem to suggest they desired both a successful and fulfilling life. If their dreams become reality, the future of our eighth grade and the world is very hopeful.

"I want to be a wrestling cheerleader."

"My hope for the future is to graduate."

"I would like to be a truck driver."

Future Shock

Last year, the present seventh graders came to the high school for orientation. One of their immediate reactions was panic: "VERY BIG, I knew I'd get lost!" Another thought Harb was "Crazy: halls, windows, doors, people, stairs and rooms all over the place!" Many of the sixth graders felt unwelcome after being called "grubbies," but some felt honored by this title.

On their first day of high school, the new seventh graders entered full of mixed emotions. However, after the initial shock of the first week, most of their fears were swept away in the rush of high school life. Who had time to worry?

Little Graders Make Great Gridders

A pleasurable pastime for many Junior High students is Harbor Creek Little Gridder Football. Besides having a great time, the players gain valuable experience for their future years playing on the Huskie football team.

Games were held at Gerald Akerly Memorial Field. As usual, the league was divided into four teams.

The "Eagles", coached by Mr. Chuck Gallegher, had a perfect season with a record of six wins and no losses. Coming in second, were Brian Kirsch's "Bills" with three wins, two losses and one tie. The "Steelers," having one win, three losses, and two ties, were coached by Mr. Art Amann. The "Browns," 0-5-1, were under coach Tom Kubaney.

In the All-Star game, the "Eagles" and "Browns" combined to defeat the "Bills" and "Steelers" six to zero.

The annual Little Gridder's Banquet at the Moose Club featured Mike McCoy as guest speaker. At the banquet, this year's "Most Valuable Player" award was presented to Rick Mello, a Bills' fullback. Other players worthy of honor were the League's leading scorers, Eagles' Tom Nelson and Bills' Brian Oleski.

Topping the Charts in Seventh Grade

In the seventh grade, "Air Supply" captured first place for the favorite group. Although relatively new, the popularity of this group was shown clearly. "REO Speedwagon" finished fairly close behind. Due to the popularity of "Air Supply", it was no big surprise to anyone when "Here I Am" came in as a clear winner in song catagory. Rock music was chosen overwhelmingly as the favorite type of music followed by New Wave and Punk.

Miss Milner

Melanie Milner?? Who's she? Miss Milner is the new remedial reading teacher. A graduate of Edinboro College and Penn State University, she taught previously for four years at a junior - senior high school in Smethport.

Milner has the qualities necessary to make learning interesting — understanding of the students needs and a sense of humor. Her outside interests vary from music (both listening and performing) to the Harbor Creek Education Association of which she is secretary.

Mr. Humes

Harbor Creek has found a new teacher whose personality matches his teaching field perfectly. That teacher is Mr. Humes, and his field is art.

Graduating from Monongahela High School, Mr. Humes's decision to become an art teacher was based on two reasons - an interest in art and a desire to combine learning and fun for art students. As a result, his classes are very relaxed, with much room for creativity.

When not in school, Mr. Humes enjoys spending time with his wife and son, participating in sports, or indulging in his hobby, American Indian Art.

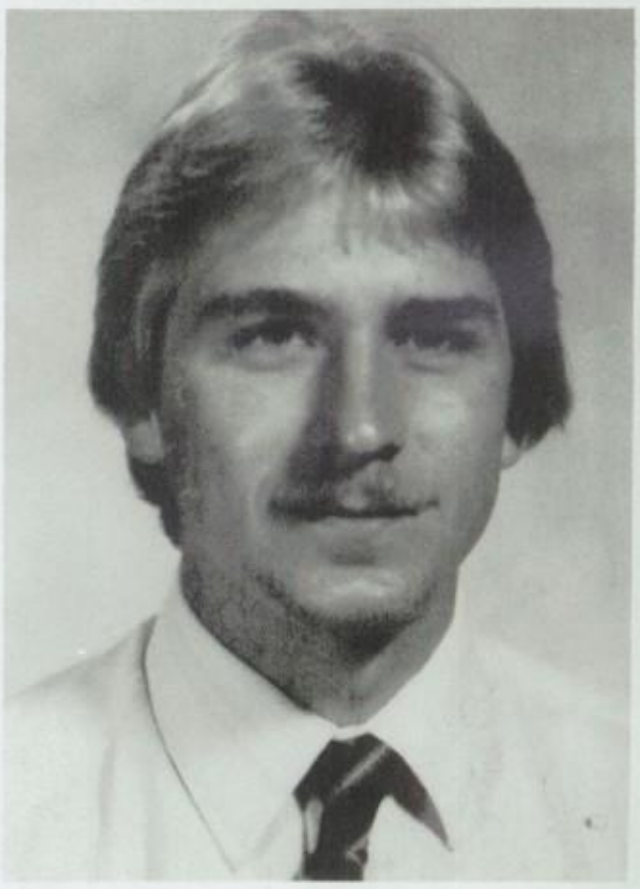
Mr. Banks



Robert Banks is one of this year's additions to Harborcreek's faculty. He instructs Industrial Arts for the Junior High. Before coming to Harbor Creek this year, he lived in his hometown of McKees Rocks, Pennsylvania.

This is his first teaching position since his graduation from California State College in May, 1981. However, in his spare time he has done cabinet work, designed custom furniture, and made gift items to be sold to craft stores.

Mr. Banks sponsors the Junior High Industrial Arts Club and coaches in the Erie Youth Hockey Association. He also plays in the Erie Senior Hockey League.

Besides hockey, Mr. Banks considers wood - working to be his favorite hobby. He beginning now to get an interest in stained glass work.

Although, Mr. Banks has not been teaching at Harbor Creek long, he already has a high opinion of Harbor Creek High School: "Both the students and the faculty are enjoyable to work with, and I anticipate a good first year experience."

Retiring To His Interests

Because of ill health, Bill Frazier retired after twenty-nine years as the Harbor Creek photography teacher.

Although he misses "the hustle and bustle" of teaching, Mr. Frazier is really enjoying his retirement very much; particularly, since he is feeling much better. One thing Mr. Frazier plans to do is travel. He also busies himself with hobbies he didn't have time for when working, such as painting and the restoration of art pieces for other people.

Furthermore, in his retirement another creative talent has emerged — cooking. As head chef in the Frazier household, he is constantly trying out new recipes.

Though sorely missed at Harb, the faculty and students are elated to hear Mr. Frazier's health has improved and he finds retirement a chance to explore his interests.

Teachers Realize Their Dreams

This winter, three of Harbor Creek's faculty gave their resignations after many years of service.

Mr. Fatica, who taught English here for thirteen years, is now working as the Head of Sports Programming at WICU. In addition to this position, he also announces the sports on the seven and eleven o'clock news and moderates the show "Let's Go To The Races." This move seems very appropriate considering Mr. Fatica has always been close to the media through his involvement with the senior play, and his media and film study classes.

Miss Seifert, a Home Economics teacher, has also been a long time Harbor Creek staff member. After teaching for sixteen years, she accepted a position as the Food Standards Manager for new Marriot Hotels — nationwide and world-wide. In this capacity, she will train personnel how to prepare foods and serve them correctly. Furthermore, she will evaluate these hotels' kitchens and test any new recipes. While working for this hotel chain, Miss Seifert will be based in Washington, D.C.

After five years of service to Harb, Mrs. Youngdahl is moving with her husband, David (an ex-Harbor Creek teacher), and son to Grove City. While at Harb, she taught Health and Physical Education and coached the girls' swim team. Mrs. Youngdahl also assisted with Homecoming. At the present time, she has no plans to teach, but Mrs. Youngdahl prefers to spend her time enjoying her new son.

Harbor Creek wishes these three teachers the best of luck in the pursuit of their dreams.

TOP LEFT: Deborah Seifert lays down the law to her study hall.

Has Harbor Creek Gone Ape?

Every now and then lumbering through the halls was a strange sight — was it the "missing link" or someone who forgot to shave in the morning? Neither — it was G. Gorilla from "Jungle Express" delivering a gorilla-gram.

Popular recently as a birthday greeting, John Fuller, Dick May, and Andrea Maille were surprised by this simian's visit during the school day.

Maybe, this African messenger will be observed again wandering through the halls of Harb looking for his next lucky recipient.

Personnel-ities

Dear Vince,

What can I say except "thank you" a million times for all the help and knowledge you have contributed to the A.V. Dept. You'll never fully understand how much easier you have made my job. If I'm back in the fall, I hope we will be working together. I certainly feel you are ~~the~~ best person for the job.

You are one of the nicest Seniors graduating with this years class - have a great Summer!

Sincerely,

Cheryl Stafford

Over A Third Of A Century Of Service

For over a third of a century, A. L. "Red" Gainer was the Transportation Supervisor for Harbor Creek School District.

While Transportation Supervisor, Red was in complete charge of the garage. His duties included the hiring and firing of garage and bus personnel; the billing and buying of all garage and bus equipment; and the writing of specifications.

Described by the bus drivers as quiet and dedicated, Red Gainer gained the respect of the drivers by his easy and straightforward manner. Although he was the boss, Red was extremely thoughtful of his employees. In fact, they could always count on him if they needed a favor.

Mr. Gainer was also the father of garage mechanic Larry Gainer and the step-father of former Home Economics teacher Debbie Seifert.

Starting with only a few buses at the garage, Mr. Gainer grew with Harbor Creek and was considered a vital part of its development.

Missing and Missed

At the beginning of the school year, a well-known face was absent from the halls of our school. Over the summer, Bob Levonduskie passed away.

He will be remembered for the many contributions that he not only gave to the school district but also, to the community. Prior to being Head of Maintenance at Harbor Creek High School for five and one-half years, Bob was previously the Head Postmaster in Harbor Creek. In addition to this, he also owned and operated the Harbor Creek Beer Distributor and a grape farm.

Faculty and students alike will miss the sense of humor and expertise of Bob Levonduskie. In fact, the entire community has experienced a great loss.

A Man Of Many Titles

After thirty-six years of dedicated service as both a bus driver and head of the receiving room, John Connors retired from the Harbor Creek School District.

Besides these two official titles, Mrs. Hamilton adds a third--hero. She credits Mr. Connor's driving skill and quick thinking in preventing serious injury to a group of summer students he was transporting. When the bus's brakes failed, Mr. Connors eased the bus into a ditch to stop it, thus, preventing injury to his young passengers.

While working in the receiving room, Mr. Connors was a favorite with the administration, faculty, and students. He always seemed to share a smile with everyone and made sure his work was completed to everyone's satisfaction.

Mr. Connors says that he is busier now than when he was working, and he misses Harbor Creek very much. However, Harb misses him more.

Old Face In A New Place

Replacing Mrs. Warner in the audio-visual department is Mrs. Katherine Scott. Although she is new in this position, Mrs. Scott is not really a new face to most students for she has been a teachers's aide for the past six years.

Being the audio-visual secretary has brought many new challenges to Mrs. Scott, such as, splicing films, ordering films and equipment, and readying equipment for classes.

When asked about her job, Mrs. Scott replied, "I enjoy it very much. Being here at the school, I get to be with young people. I'm getting to know them more and more. I'm here to help them whenever I can."

She not only works with young people at school, but she has been a Girl Scout leader for the past four years.

When she is not busy with work or extracurricular activities, Mrs. Scott takes care of her husband Gale (a former Harb graduate) and her daughters, Diane and Darlene, both Harbor Creek students.

Harbor Creek First In The State To Use Dual Fuel

Almost a year and a half ago, Harbor Creek High School drilled a natural gas well. This year, they have taken natural gas fueling a step further. The suggestion came from Dr. Mulvin, Harbor Creek's Superintendent of Schools. His idea was to install a dual-fuel system in the buses - one tank with compressed natural gas and one with gasoline.

Although many questions were asked as to the safety of the system, it has been called "safer than safe." The buses can run on the compressed natural gas to switch over to gasoline with no chance of explosion or toxic fumes. With this system, the school board plans to save thousands of dollars over the next several years.

In commemoration of this historic event, a dinner, hosted by Dr. Mulvin and the school board, was held in the high school cafeteria with Pennsylvania State Secretary of Education Robert Scanlon as featured speaker.

Over 500 people attended the dinner including State Senator Buzz Andrezewski and Representative Harry Bowser. Providing entertainment for the dinner were the Rolling Ridge Sixth-Grade Bell Ringers.

NJROTC Field Trips - Educational and Fun!

Throughout the year, the NJROTC unit is involved in many activities and field trips. These trips provide experience and on-the-job training and give life to the subjects studied in "Naval Science." The cadets have the opportunity to go aboard ships to see and actually use equipment which they have studied. But, these field trips are not all strict discipline and training — they're also a lot of fun!

Last spring, 60 cadets, transported by a navy plane, attended a "mini-boot camp" held at Orlando, Florida. After a stop at Disney World, they began the "boot camp" which consisted of attending classes on fire fighting, first aid, and seamanship while living the life of a recruit.

Over the summer, 32 cadets made a sea cruise on the **U.S.S. Lawe**, a destroyer that was in Erie for several days. The one-day cruise from Erie to Cleveland gave the cadets a chance to watch all the operations that take place aboard a moving ship.

This year, the unit's first field trip was to Washington, D.C./Annapolis area. The activities included a visit to Arlington National cemetery, the Smithsonian Institution, and the office of Congressman Marc Lincoln Marks. They also spent one day at the U.S. Marine Corps Base in Quantico, Virginia. Here they viewed helicopters and toured the Marine Corps Aviation Museum. The following day, the unit went to the U.S. Naval Academy and observed the "Midshipman's Dress Parade." The trip was exciting and an excellent experience, especially, for the first-year cadets that participated.

Through all these shared experiences, the NJROTC "family" has become even closer.

"The Awesome Crew Of "82"

The Harbor Creek NJROTC unit kept busy this year, living up to excellence. Company activities included marching in four parades, sponsoring such fund-raisers as a car wash and a candy sale, and participating in many events and ceremonies.

The company visited such places as Arlington National Cemetary, Quantico, Marine Base, U.S. Naval Academy, and the Smithsonian Institute.

The trip was a good experience for everyone and helped train the new cadets in military bearing and drill.

On December 20, 1981, the unit held its second annual Christmas Dining-In at the East Erie Moose Lodge. The evening consisted of a military dinner with a formal toasting, a speech by Rear Admiral Knoll, and a dance afterwards.

The company is busy preparing for their annual inspection by Area Four Manager Commander Gholson, which will be held in May.

This year our goal is to live up to our motto: "The Awesome Crew Of "82" and continue our tradition of being Number 1 in Area Four.

Drill Team Crowned Area 4 Champs

Last year at the Area Four Field Meet held in Sandy Hook, New Jersey, the Harbor Creek NJROTC Drill Team captured first place honors. The team competed with over 500 cadets from fourteen other NJROTC units in Area Four, one of them, Admiral Faragut, a military academy. In all twelve events the team took no less than a third place trophy.

In the athletic competition (coached by Greg Jordan), our cadets took third place in the Girl's 180 yd. Shuttle Relay; second place, in the Two Mile Distance Relay and the Izzy Dizzy; and first place in the Push-Up/Sit-Up Relay and Guy's 180 Shuttle.

In military drill the team really shined, taking third place in Basic Squad Competition (led by Peter Nakoski); second place, in Trick Platoon (Jerry Burns); and Trick Squad (Chuck Kalie); and first place, in Basic Platoon (Brian Swartzentruber) and Color Guard (Jim Barnes). The team of Chuck Kalie and Jerry Burns captured a first place trophy with their awesome two-man trick drill routine. In the final event of the day Harbor Creek really showed what they were made of — taking first, second, and third place in the Individual Drill Requirement event, out of 500 cadets. First place went to Jerry Burns; second, to Chuck Kalie; and third, to Linda Lagner.

At the end of the competition, the Harbor Creek NJROTC Drill Team was crowned Area Four Champions and given a first place overall trophy.

This year the team is again looking forward to defending their title at Sandy Hook, and possibly competing in other meets as well. This year's team is led by Chuck Kalie, who is assisted by Heather VanSlyke. The Color Guard which competes along with the Drill Team is led by Jeff Faulhaber.

Technicians— Not "RATS"

The Erie County Vocational Technical School has a lot to offer a student. There are many different fields to go into such as Cosmetology, Business Communications, and Electronics.

The students who go there are training in the fields they have chosen. Also, they are getting a jump ahead (in their careers) on other people.

It isn't as easy as some people think. The students who go to Tech have two weeks of work to make up in one week at both schools. They also have to maintain their grades.

So when people call them "rats", they don't let it bother them because they know that they are no lower than anyone else. Furthermore, they just might be a little ahead of everyone in their careers in the future years after they graduate.

Shop classes provide the practical in the world of academics at Harb. Starting as a required class in junior high, senior high students may choose it as an elective in their schedules.

In seventh grade, the first thing students learn is the proper use of the tools. When they begin to work with wood and plastic, this knowledge of tools is essential for safety. In addition to projects of wood and plastic, Mr. Banks is considering exploring other aspects of industrial arts, such as printing and power technology.

Next to the junior high shop are the wood and metal shops, open to students in 9-12, under the guidance of Mr. Barker and Mr. Bentley. In a laboratory atmosphere, the students learn shop safety and the operation of machines. In addition, selected projects must be made by each student.

For students in wood shop who would like to further their skills, Advanced Woodshop is available if they have successfully completed Wood I and are approved by the instructor. This course challenges the creativity and problem-solving abilities of the student while refining shop skills. Students in this course select and plan their own projects. Some of these in the past have been grandfather clocks, bumper pool tables, deacon's benches, and gun cabinets. In addition,

Shopping Around

students in metal and wood shops have a chance to enter their projects at the Industrial Arts Fair.

Around the corner is the power tech shop under the supervision of Mr. Stroup. In this class, the students get "hands on" experience working with small engine repair, reconditioning and adjustment of such things as lawn mowers, chainsaws, motorcycles, and snowmobiles. The Advanced Power Tech class is an intense focus on engine repair with student-selected projects.

With all of these shops available, the students have a chance to develop their creative abilities and useful lifetime skills.

Five Points From Victory

Last year's Hi-Q team had one of the most exciting seasons ever. After an easy victory over Seneca, the team won a close match to St. Mark's. With this victory, the team — which consisted of Captain Pat Warren, Bob Haupt, Jenny Hallgren, Rick Blosser, Dave Haupt and Jim Hohman — was guaranteed a spot in the semi-finals. In the semi-finals, they defeated Mercyhurst by a very narrow margin. Unfortunately, the team itself lost to the Fairview team by only five points in the final match. It must be said that five points is the least possible difference between the scores of the teams participating in the match. To be sure, there was never a dull match!

Much of the credit for the team's fine performance should go to Coaches Marshall and McQueeney and the support of the school and parents.

This year, the team consists of Captain Rick Blosser, Dave Haupt, Craig Heuser, Jim Hohman, and alternates Ken Lee and Natalie Nichols. Because competition does not begin till March, there are no results for this year. However, with the cerebral talent Harb possesses, it has to be successful.

Student Council

The Student Council of 1981-82, consists of hard working students striving for a better tomorrow. Acting as a liaison between the students and the teachers, members put in endless hours of work.

This year, Student Council under President Dave Haupt, has sponsored many activities for student involvement. Events which took place during the year, included the Spirit Week Activities, a concert by "Free Fare," a Christmas dance, and a new experiment with a computer match-up.

Four members of Student Council took part in the Student Forum of Northwest Pennsylvania, which consists of schools from Crawford, Erie, and Warren counties. The four Harbor Creek members included Dave Haupt, Jill Lander, Gina Yount, and Karen Morgan. Furthermore, Dave Haupt was named the president of this year's Student Forum. He also took part in the Pennsylvania Student Advisory Board which consists of 30 members from various schools.

Special thanks should be given to Miss Peggy Corcoran who has done an excellent job in being the new advisor for the Student Council.

Angola--
The Mouse That Roared

Model U.N. started out in September along with school, football, and band. Despite many conflicting activities, the members managed to meet and discover all they could about their country--Angola. Later, the Harb U.N. team met weekly with students from other schools. Together, Harbor Creek and these other schools composed the Mid-Eastern Bloc. Meetings were spent debating and fighting issues, such as a New Information Order, so as to prepare a bill for the General Assembly.

Once at the General Assembly, the

action started taking place. Students from Ohio, Pennsylvania, and New York met at Gannon University. Members fought, screamed, and bribed in order to convince powerful countries that their bills were best.

Because Harbor Creek represented a poor country, the major powers ignored their opinions. However, the Harb team proved to these powerful countries that they were not insignificant. Through timed speeches and joining forces with other small nations, the stronger nations' bills were defeated.

Much preparation and hard work were put into this year's General Assembly, and the rewards were numerous. Valuable insight into the world's problems was obtained through direct experience. Harbor Creek's members also met many interesting people--both friend and foe. Even though some were opponents, the Huskie team looks forward to meeting them all again next year.

Some people exchange gifts, but AFS exchanges people. This year, the American Field Services Club sponsored Giaconda Mosquera from Ecuador. While attending Harbor Creek, Giaconda stayed with the McGonagle family.

Besides sponsoring foreign exchange students, the AFS is involved in a great many other activities. The club, under the leadership of Mr. Muzzi and President Rob Warner, meet every other week to learn to understand the people of other countries and discuss money-making projects, such as bake sales. With the profit from these sales, many group activities were sponsored, such as a trip to WRIE's "Haunted Barn" and a Christmas party at Vice-President Gina Pfeffer's home. Other activities planned are a night of cross country skiing and a trip to Cedar Point or Niagara Falls.

Not only do they plan club activities, but the AFS has plans in the spring for an "AFS Weekend" at Harbor Creek. During this weekend, the foreign exchange clubs of other schools with their sponsored exchange students gather together for a weekend of fun.

Furthermore, a portion of their funds is set aside for plaques in front of the School District Office and the AFS adult chapter.

Certainly, AFS has shown their key word is "action."

Once again, it was another busy year for the band. Marching season began in the hot days of August, practicing music and perfecting drills. Once school started, practice still continued, but the band also marched in football half-time shows and various band competitions.

Many people contributed to the bands marching show this year. Jim Duda worked at increasing the quality of the sound of the band, while director Walter F. Baran chose music, wrote drills and contributed much of his time to get each member to learn his new drill. Also very important were drum majors Scott Morschhauser and Theresa LeMoon, who did a very good job of keeping the numerous band members playing the right thing at the right time.

After marching season, the band practiced music for their Christmas and spring concerts. Meanwhile, they also sold subs, citrus fruit, buttons, and other items to raise money for their trip to St. Louis.

Bizarre No. LXXXII

This year, as always, the Pep Band was there to set the pace at the home basketball games. Their songs put the crowd in a "jazzed up" spirit. Under the able direction of leaders Scott Morschhauser and Craig Heuser, the Pep Band carried out their tradition of rowdiness. For the showdown with Iroquois, they painted their faces orange and black and at Christmas; several elves were present along with none-other-than Mr. and Mrs. Santa Claus. With the help and support of their guardian, Mr. William Rhodes, the Pep Band finished yet another "bizarre" season.

A Change Of Guard

What was the new look for the Color Guard this year? During the last two numbers of the show, a yellow flag appeared, brightening even more their already colorful act.

However, this act just didn't happen. Under Captain Gina Yount and Co-Captains Therese Berdis and Betsy Balinski, the summer and autumn were spent rehearsing and re-rehearsing their performance. When everyone else was enjoying the sun, it required sheer dedication to continually come to school rather than the beach.

By the special help of Miss Cindy Schmid, Mr. Mark Miller, and Mr. Walter Baran, the Color Guard have become an integral part of the band and have contributed to the awards received in band competitions. This spring the Color Guard will accompany the band to St. Louis for national competition.

The Harborcreek High School 1981-82 cadet squad had a busy schedule this year. With five competitions and football and basketball games, they spent many long, hard hours practicing this summer and fall. However, it all paid off as spectators and fans cheered them on.

Besides competing and games, the cadets also were involved in the school's annual variety show where they performed a routine to Kool and the Gang's hit song, "Celebration."

The cadets, along with the band, colorguard, and spinners, are looking forward to their big trip to St. Louis, this spring, where they will be competing against a number of other schools.

All in all, the cadets had a very successful year and they're looking forward to an even better one next year.

The tremulous voices of possible future Luciano Pavarottis and Beverly Sills swelled through the halls of Harbor Creek. Whether it was the Sr. High Chorus practicing for a concert, the vocal ensemble perfecting a special song, or the District Chorus participants preparing for the festival, the vocal music department enhanced the musical background of the students.

In addition to vocal activities, new sales promotions were added to the traditional candle sales. Among these were the selling of popcorn and a unique fund raiser — singing valentines. This money was raised with the hope that the chorus might travel to Cedar Point to compete in a musical festival.

Besides selling various items, the chorus kept busy by performing every chance they had. District Chorus seriously disturbed the practice schedule for the Christmas concert, but the show went on. Also, the chorus provided entertainment at this year's Christmas assembly and led the student body in a sing-along.

This year has proved to be beneficial and enlightening for all those involved with chorus.

With A Song In Their Hearts

This year District Chorus was hosted by Harbor Creek High School under the supervision of Miss Schmid. Over forty schools were represented bringing 180 talented students to Harb. Representing Harbor Creek were Kate Lane, Brenda Sweet, Kathy Harcourt, Tim Smith, Ken Hand, Vince Abbey, Bill Ostrowski, Edith Bernat, and Kathy Widger. Furthermore, for this occasion the school board approved the purchase of a new baby grand piano.

Being hosts kept the choral department very busy. Frantically, members searched for housing for their guests. For two days, nine long hours a day were spent practicing for the big concert. In addition, entertainment had to be planned.

On the night before the concert, a dance was held as a tension-reliever and a mixer.

But, all the hard work was rewarded. Four of the nine Huskie representatives advanced to the Regionals held in the spring. These were Kate Lane, Brenda Sweet, Ken Hand, and Kathy Widger.

Spirit Units

Personifying the school spirit at Harb are the cheerleading squads. From the sidelines, they not only root their individual teams to victory, but the girls keep up the flagging spirits when the teams are losing.

Besides leading the cheers, these spirit units have shown extraordinary art in their performances. After long hours of practice, these squads have perfected their timing and synchronized their moves--resulting in a perfect demonstration of vocal skills and body movements. Sometimes, very complex formations are completed to the astonishment of the spectators.

Combining spirit and artistry, the cheerleaders are vital forces behind Harbor Creek's sports.

Feliz Navidad

This year the Spanish IV Class taught by Mr. Muzzi continued their tradition of teaching the sixth grade students at Clark Elementary School. For four weeks, groups of students taught basic Spanish to the youngsters in Mr. Arnold's and Mr. Vrenna's classes. The program ended with the annual Christmas assembly for the fourth, fifth, and sixth grades.

Karla Kerlin began the assembly with her presentation on "Christmas In Spanish-Speaking Lands." Next, Deanna Carlson read a Spanish variation of the poem, "'Twas The Night Before Christmas." This was followed by an original play written by the class called "La Navidad de Senor Coñejo" (The Christmas of Mr. Conejo). The story centered around a toy store with the cast as follows: Señora Mala (Toyshop Owner) — Jill Orton, Señor and Señora García (Mr. and Mrs. Garcia) — Phil Pitonyak and Janet Woychek, Pequeña Kim (Tiny Kim) — Kim Karotka, Señor Conejo (Mr. Rabbit) — Deanna Carlson, La Bufona (Clown) — Theresa LeMoon, La Soldadita (Toy Soldier) — Heather Van Slyke, La Baillarina (Ballerina) — Karla Kerlin, Señor Ken (Ken Doll) — Ken Hand, Señorita Barbie (Barbie Doll) — Michelle Bielanin, Santa Claus — Dan Powell. The play also featured a performance by singer Ken Hand and dancer Karlin Kerlin with accompaniment by Michele Bielanin.

The highlight of the assembly was the piñata party held after the play. This year the piñata was shaped like Miss Piggy and was made by Janet Woychek. Several students had a chance at striking the piñata before it broke and the candy spilled out.

This annual event was an enjoyable and educational experience for both the grade and high school students.

It's Fun To Use Type!?

During the natural course of the yearbook, typical scenes were observed and statements were heard.

"It's Fun To Use Type." Well, that's what the copy book said. But how could using type be such fun when it won't fit? The *whole* layout will have to be done over! A loud shriek follows.

Often this proud statement also was heard: "Miss Matlak, I finished the layout." Silence ... Slight grimace. Then the ultimate question: "Where's your dominant?" Silence. The sound of paper being violently torn.

Or ... Frantic staff member grabs student by arm as he casually walks down the hall and yells, "Quick can you name the people in this picture?" He can only name a few, and the search goes on.

But, the yearbook has its good side too. There were the inside jokes about getting "cropper arm" or dying and having to spend eternity indexing the yearbook. Then, there were the pizza parties, Thursday nights at K. F. C., and joking with the janitors. However, the high point of the year was the Friday the staff learned that the 1981 *Harborian* won the coveted Keystone Award — the top award in the state for yearbooks. Temporarily forgotten were the trials and tribulations of the present book.

With high hopes, this year's yearbook, headed by Editor Kate Lane and Assistant Editor Heather Gardner, plans to equal or better the accomplishments of last year's book.

So, if you see a staff member walking with his head down, don't worry he's not dejected. He's just probably trying to find a good piece of correction tape someone may have lost in the hall.

For The Record . . .

Proud As An Eagle

This year, when approaching the school from Buffalo Road, a glass-encased activities board prominently displays the upcoming activities and their dates of Harbor Creek High School.

After much skill and effort, Rick Blosser presented the school with the board as his Eagle Scout Project. All work done and money for materials were provided by Rick.

When erecting the board, scouts Tim Smicker, Bill Mayr, Scott Prichard, Jeff Prichard, Paul Farrell, and Tom Pearson lent Rick a helping hand.

Throughout the years, students have contributed to Harb in many ways, but Rick Blosser's Eagle Scout Project will physically remain with Harb for many years to come.

RIGHT: With fellow troop members and Mr. Koepka, Rick Blosser presents the sign he built.

Only the Beginning

On January 27, 1982, the school cafeteria was the location of a reception held in honor of Brian Siverling which over 200 people attended. At this fete, Brian was recognized for his achievement in being named First Team All-State Defensive End and Honorable Mention on offense for football. This is the first time any local student has been honored in such a manner.

At this event, speeches were given by his teachers, coaches, friends, school administrators, his mother, as well as himself. In these addresses, Brian was not only honored for his athletic accomplishments, but also for his academic abilities. He is currently ranked first in a class of 250 with a perfect 4.0 average.

Harbor Creek knows that all these accomplishments are only the beginning.

Missing from the picture; Kim Magruder and Co-Photography Editor Brian Shank.

Ecstatic was the word to describe the reactions of Jim Hohman and Miss Matlak. Like two little kids, they giggled and hugged each other when the mail brought the news that the 1981 *Harborian* had won the Keystone Award. The Keystone Award is the top award the Pennsylvania School Press Association gives. In judging the yearbook, 390 total points are possible. The Harborian received an incredible 373.

Last year, the theme was "A Diamond In The Rough," celebrating the diamond anniversary of both the yearbook and the first graduating class.

With an additional eighteen pages added, the events of the past seventy-five years of Harbor Creek, the school, and the world were featured. Also included in this edition were personal interviews with the past superintendants of Harbor Creek highlighting the changes in the school and curriculum in three-quarters of a century.

Editor Jim Hohman and Advisor Barbara Matlak give special credit and thanks to Copy Editor Kate Lane; Co-Business Editors Craig Heuser and Amanda Hall; Co-Photography Editors Mark Sanders and Brian Shank; Staff Artist Diane Inman; Staff Typists Barb Allen, Robin Clark, and Tammy Schultz: and Staff Members Heather Gardner and Kim Magruder.

Softball Team - Second In State!

"Pride" was the word to describe the feeling about the 1981 Girls' Softball Team. Advancing further than any other Harbor Creek team, the girls were the 1981 State AAA runners-up. Their superior playing ability was recognized state-wide.

Thanks to the long, hard practices (usually two hours every week night) and the excellent coaching of Mr. Sholtis and Mr. Budziszewski, the team was ready to meet any opponent. Not only were they ready physically, but they were ready mentally. Both coaches encouraged the development of team spirit in the girls, thus, there always seemed to be a supportive family atmosphere. The coaches also were there to give individual support to the girls. This team pride showed both on and off the field as they progressed to the state finals at Shippensburg.

Besides hard work and determination, a team must have a third ingredient, talent, to achieve top honors. The All-County First Team was almost comprised entirely of Harbor Creek girls: Darcie Johnson, Mary Stanley, Kathy Mazur, Debbie Abbate, Tracey Babay, Paula Freeman, and Lisa DeMichele. Jill Corey was an Honorable Mention.

At the end of the season, team honors were given to the following girls: Most Valuable Player, Darcie Johnson and Debbie Abbate; Batting Leader, Tracey Babay; Most improved, Paula Freeman; Hustle Award, Mary Stanley; and Golden Glove, Darcie Johnson.

Record-Breaking Season For Baseball Team

The Varsity Baseball team took its 6th county championship in 1981 with an impressive record of 16 wins-2 losses, tying the Erie County League record for most league wins in a season.

The team broke 2 other schools records in 1981 — most consecutive wins — 13, and most wins for a season — 19.

The team's hard work earned them a berth in District 10 Playoffs. After fighting a long hard game, the Huskies were defeated in the end, 2-4, by Cathedral Prep.

Harbor Creek was honored by having seven players chosen for the All County Team. Those selected for First Team Honors were Ken Hand, designated hitter; Jeff Sereno, pitcher; and Dave Lynch, outfielder. Second Team choices were Mike Barbarini, catcher; Brian Zatkoff, third base; and Rick Roseto, pitcher. Honorable Mention went to Joe DiRaimo at second base.

Outstanding players of the season were Jeff Sereno "M. V. P.," "Golden Glove," and "Outstanding Pitcher;" Dave Lynch "Leading Hitter" (406); Tom VanDyke, "Hustle Award," and Rick Roseto, "Outstanding Pitcher.

The J. V. Team also had an impressive record with eight wins and one loss.

Outstanding players included Pat Cudicio, Most R. B. I.'s; Bill Fife, Most Stolen Bases; Mike Sheridan, Most Home Runs.

John Collier Sets Record At District Meet

The 1981 boy's track team had a fine season last year with a record of three wins and one loss. The fact that there were twenty-three lettermen shows that it took a team effort to have a good team.

The team also did a good job representing our school at the county meet by taking a third place. Jim Symanski took a first place in the discus and shotput while Dan Wayand won the Most Outstanding Field Performer award for his wins on the long, triple, and high jumps.

At the District meet, Dan Wayand once again placed first in the long jump, and John Collier set a new record of two minutes and 1.14 seconds in the 800 meter run.

Congratulations to all the fine performers on another winning Huskie track season.

Proud And Determined

The Harbor Creek 1980-81 Girls Track Team was small in number but, big in determination. Starting with pre-track practice in February and culminating with the state track meet in May, the teams practices were long and grueling. The girls started running in snow and finished, in eighty-five degree heat. Only the danger of an electrical storm would be enough to cancel a meet or move practice indoors.

Many of the girls competed well this past year. Representing Harb at the District Meet were Mary Beth McGonagle, Karen Mackovjak, Pam Fritz, Pam Henry, Eleanor Torrance, Michelle Nedreski, and Deanna Volk. Distinguishing herself in Districts, Deanna Volk represented District Ten at states where she placed eighth in the javelin throw.

The girl trackers were proud of their accomplishments in spite of their losing season (1-3). They have great hope that maturity and new talent will make next year even better.

They Went All The Way . . .

The 1981 Cross Country Team had one of their best seasons. In dual meets, they won seven out of their eight meets, losing only to North East. The Harb harriers also did very well in invitationals. At the McDowell Invitational, the Huskies placed third in a field of seventeen teams. At the next invitational at Gannon, the Harbor Creek thin-clads were not expected to do very well, but the Huskies ran to a surprising victory. They then ventured to the county meet and finished second again to North East. Although North East was not in their division in Districts, Harbor Creek achieved a tremendous victory by defeating the long-time, defending champs, Cathedral Prep. By annexing the District Ten Boys' AAA crown, the Harb harriers represented the district at Penn State and finished eighteenth.

Contributing to their winning season were (Co-Captions) Bob Leonard and Ron Henry, Jack Broadhead, John Collier, Bob Yount, Bob Hoffman, Bob Bell, John Schreskengost, Brian Pierce, Mike Reuter, Jim Alferi and Leon Gardner. Girls running for the Huskies were Captain Carrie Zimmerman, Bonnie Bell, Sue Erickson, Lisa Serwinski, and Elizibeth Weed.

Receiving awards were the Most Promising Runner, Brian Pierce; the Most Improved, Matt Fehl; Hardest Worker, Bob Leonard and his team; and the Most Outstanding, Bob Leonard. Letterman for the Huskies were Bob Leonard, Jack Broadhead, John Collier, Bob Yount, Matt Fehl, Paul Mann, Bob Hoffman, Bob Bell, John Schreckengost, and Brian Pierce.

All-Star Goes All-State

Despite a tremendous effort put forth by the 1981 football team, Harbor Creek had a four win and five loss season.

Although they didn't win the county championship, they still had a lot to be proud of. In December, it was announced by the 1981 Associated Press that Brian Siverling had received first team All-State defensive end. He is the only player in the area to receive such an honor. Not only did he receive All - State first team defensive end, but also All-State honorable mention quarterback.

Brian Siverling was also named to the first team All-County offensive quarterback and defensive end. Second team honors were bestowed to Rick Blosser offensive tackle and defensive line.

Fifteen records were broken this season and credited to this fine feat was Brian Siverling.

Letterwinners were: Bob Babay, John Beaumont, Rick Blosser, Dave Gronostaj, Dave Haupt, Dave Minnear, Paul Sebenick, Greg Sidun, Brian Siverling, Brian Shunk, Mike Zatkoff, Jeff Carpin, Ken Crenshaw, Pat Cudicio, Mike Learn, Mark Mayo, Bill Mayr, Rick Prindle, Tim Sebenick, Dan Vrenna, Norm Crenshaw, Dave Falkenhagen, Brad Klomp, Greg Mitchell, Brian Moore, and John Oldach. They were the backbone of the team.

Team awards that were presented in the 1981 season were Dave Haupt, Most Valuable Player on defense; Brian Siverling, Most Valuable Player on offense and defense; Rick Blosser and Greg Sidun, Line Award; Jeff Carpin, Most Improved; Mike Learn, Hustle Award.

Unfortunately, next year's football team will not have the benefit of Coach Ballard's many years of experience. After six years as head coach of Harbor Creek's football team, Coach Ballard has decided to step down from his position and spend more time with his family.

Hard Work + Talent = Net Profits

Harbor Creek's Girls Basketball Team ended their season with an impressive sixteen wins and five losses in county league action. However, this didn't end their season for the Huskies once again qualified for the Double A Playoffs.

To advance to the playoffs, Coaches Stroup and Maille employed their talent to the fullest. Three of the girls team were given All-County honors: Kathy Mazur — First Team, Pam Anderson — Third Team, Jill Corey and Kathy Kuhar — Honorable Mention.

The other ingredient that produces a successful team is hard work. These girls put in many long and tough hours of practice, which included Christmas vacation, days off, and even a snow day.

However, there was something else that made this team really special—team spirit. Who needed cheerleaders? The varsity assumed the role for the j.v. games, and the j.v. squad returned the favor at varsity matches. This formed a bond between the team members which contributed to a feeling of family.

It seems the girls have really found the winning formula.

Outmatched On The Mats

The Huskies Wrestling Team, lead by Tri-Captains Jim Nelson, Dave Minnear, and Dave Haupt, had a disappointing season with a 2-10 record. However, individual team members exhibited stellar performances. Don Cosner grabbed first place at the Erie County and Big Eight Tournaments. Furthermore, senior Jim Nelson progressed to the Districts, but he was eliminated there. Also taking first at the Erie County Tournament, Troy Prather advanced all the way to the Regionals before being defeated.

With many returning members next year, the team looks forward to a better record in 1983.

Netters Earn Two District Crowns

It seems like fate was against Harb's tennis team. With the success of boys' basketball and girls' volleyball combined with bad weather, the spring sports were fighting for places to practice. The tennis team was forced to practice at 6 a. m. in the gym. Players sleeping on the bleachers were common sights. Many mornings were spent discussing how many candy bars must be sold to buy a plastic dome for the courts. However, the sunshine finally came through.

The lack of practice space was not the only problem. For a variety of reasons, the team kept losing at least one player each game. It was a common joke among the players that Karen Morgan would have to play first, second, and third positions. She almost had to! Fortunately, the junior varsity moved in to fill positions till the crises were over.

Led co-captains Geof Daglish and Karen Morgan, Harbor Creek finished with a 8-5 overall record and 4-4 in county. This placed the team third in county action. Contributing to this season were varsity members: Co-captains Geof Daglish and Karen Morgan, Greg Murzynski, Dave Cipriani, Craig Tyler, Don Tyler, and Joe Underwood.

Harbor Creek captured two district titles. For the second consecutive year, Karen Morgan annexed the girls' singles championship. In May, she teamed up with Geof Daglish to capture the Mixed Doubles crown. Each of these players earned a berth on the All-County teams. This was the second such honor for Geof and third for Karen.

Despite all the setbacks, the Harb netters came through to produce a winning season and proudly represent the school in county, districts and state competitions.

Hooping It Up!

Under the new mentor, Joe Sholtis, the Huskies clinched another county championship for the third straight year. After annexing another District Ten AA Championship, the Harb ball club set its sights again for a possible state championship. However, these hopes were sunk when Harbor Creek lost to Bishop Boyle in the semi-finals 57-65 with team captain Brian Siverling scoring thirty-three points.

Brian not only showed his hot hand in the playoffs. The team captain set new Harb scoring records for both the season (687 pts.) and career (1503 pts.). Adding to these achievements, Brian was again named All-County for a third consecutive year.

Also, adding their skills to this awesome team were letterwinners: Dave Gronostaj, Bob Babay, Rick Blosser, Rich Apa, Joe Wayand, Pat Babay, Steve Artise, and Mike Siggins.

The J.V. team also had a remarkable season under first-year coach Dan Budizewski. With a 16-3 record, Mike Siggins led the Huskies in both scoring and rebounding. In addition, the impressive defense of the J.V. squad proved to give them the winning edge.

With talent such on both the varsity and junior varsity, Harbor Creek can continue to look for more championships.

Bump, Set, Spike!

Graduation put a serious crimp on the volleyball team. However, through the hard work and determination of the girls, some of the void was filled. Although it was a losing season (7-11), every point was hard-fought and none, given away.

Even though it was not the best season, the cheering section was comprised of more than just parents. The student body backed the girls all the way despite the lack of wins.

Greatly contributing to the efforts of the team were nine letter winners: Therese Berdis, Dottie Przepyszny, Deb Barbarini, Sue DeDionisio, Linda Hennell, Teresa Le Moon, Diane Paradise, Keri Tracey, and Brenda Walburn. In addition, garnering All-County honors were Theresa LeMoon — Second Team and Dottie Przepyszny — Honorable Mention.

Home Improvements

"There's been a cut!" Usually that statement means something bad, but, in this instance, it means the girls swim team has improved its swimming times.

Under new Coach Maxine Lundberg, the practices have been more grueling and demanding on the girls. As the year progressed, the complaining slowly tapered off as the girls' times showed a dramatic improvement in all events. In fact, many new records were broken not once, but twice! The 100 meter butterfly mark was broken twice by Beth Bender, and the record for 400 meter style was knocked off a second time by Gina Yount, Beth Bender, Karen Mackovjak, Karen Palisin, and Tina Collier. Beth Bender also broke the 500 meter freestyle record. Furthermore, Karen Mackovjak broke both the 50 meter and 100 meter freestyle marks.

The swim team should pose a real threat next year for it is only losing three seniors: Co-Captain Sally Lessor, Co-Captain Sue Kingsley, and Renee Terrill, and the young team seems eager for improvement.

9 wins - 3 losses

Placing second in the county, the Harbor Creek Boys Swim Team finished with an impressive 9-3 season. Harb's strong finish was due to the great depth of the sophomore and freshman squad and the outstanding individual performances of the upperclassmen.

In the progress of the season, four school records were broken by the senior members. Bob Dailey broke the 100 yard freestyle record with a time of 50.13 seconds. Shattering the oldest existing record on the diving board, Mike Zatkoff topped the one meter diving record of 238 points with a score of 245.96 points.

With this brilliant performance, Mike earned All-County honors and qualified for States. Mike Lawrence also received All-County honors with his record time of 5:19.7 in the 500 yard freestyle. Not only did Mike set a new record for the 500 yard freestyle but, for the 200 yard individual medley as well.

Lettering for the Huskies were Bob Dailey, Mike Lawrence, Bob Yount, Mike Zatkoff, John Graff, Pal Swindlehurst, and Jeff Zatkoff.

With the upcoming talent on the swim squad, the Huskies will sure to be a threat in future years.

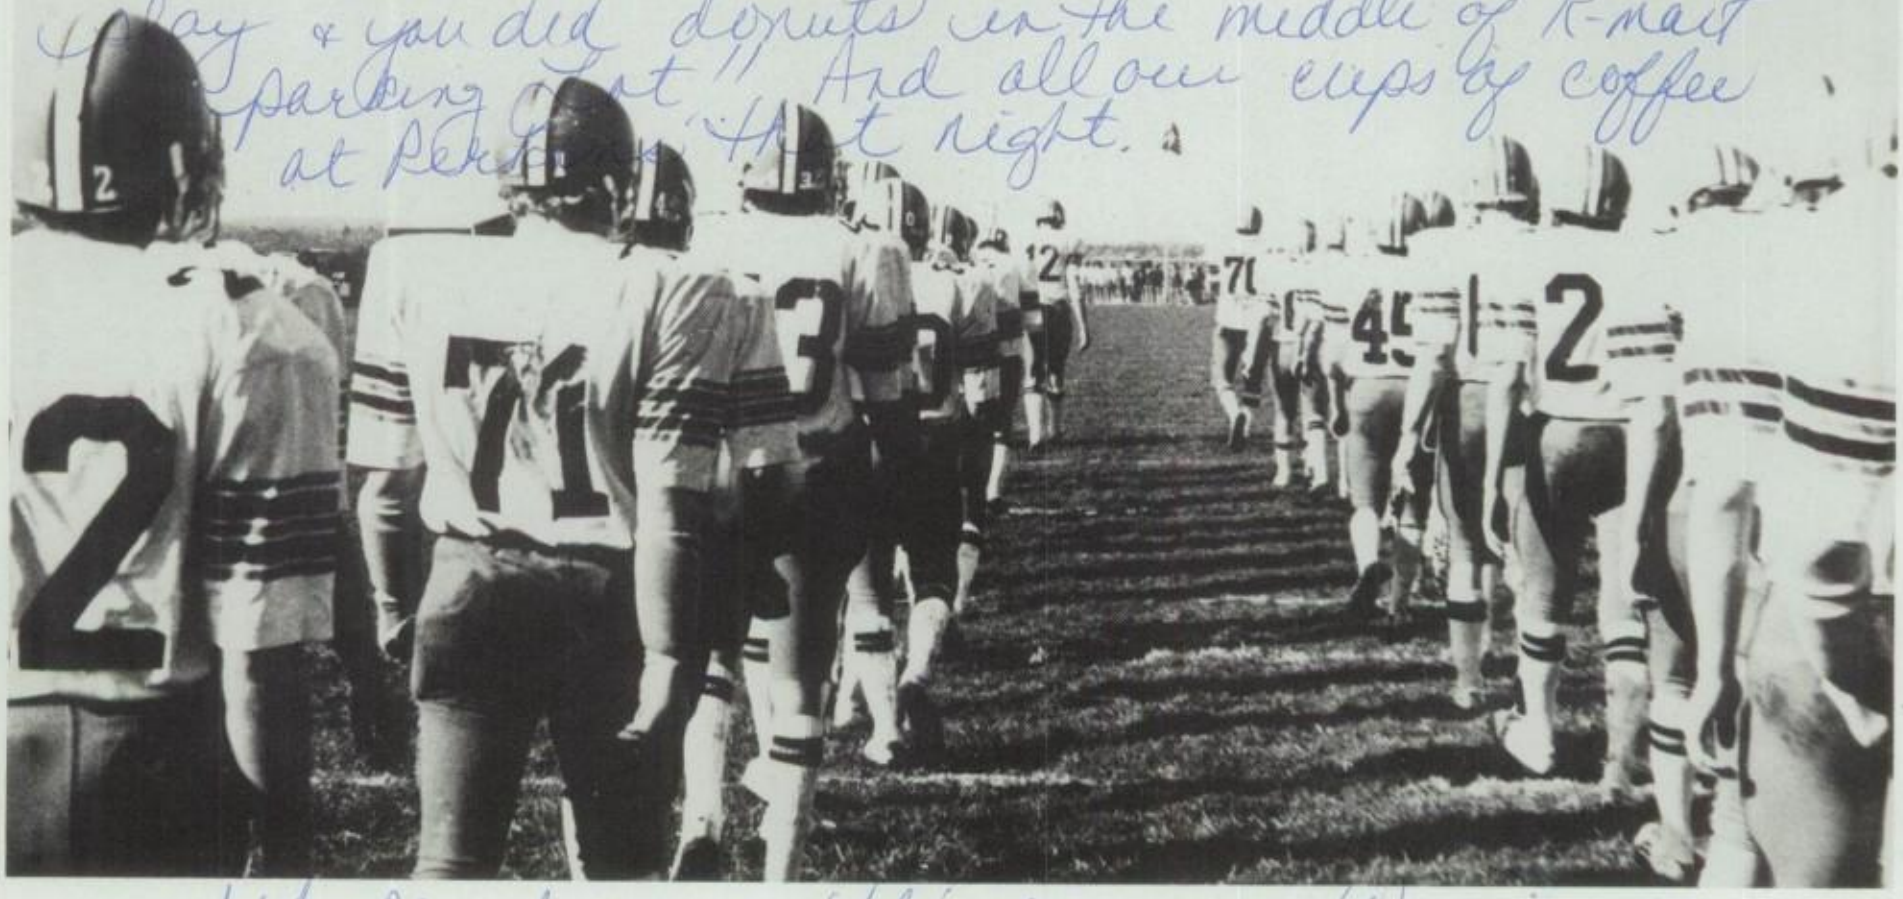
BOTTOM RIGHT: Senior guys prepare for the show-down tug-of-war at the year's first pep rally.

Vince,

To my 12th grade pal. Thanks for sticking with me this year. It's been great. I only wish Dwayne was around to make it more fun. I'll never forget all our crazy times in Homeroom with all your smut talks! Mine too!

And don't forget all our meetings in the halls. Boy we never seemed to be in class!

Oh!! Don't forget the time we all went out & my car got hit! That was awful! And then what about the time we all went out after the play & you did donuts in the middle of K-mart parking lot!! And all our cups of coffee at Perkins that night.



I hope I see you this summer. We will all have to get together & go out, & get crazy!!

. . . Finally Reaching Our Goal

The high school days are finally over for us. It's been a lot of fun years. Take care of yourself. Stay out of trouble. (at least try!)

Love ya
Linda

Vince,
We made it!
Yea Hw! Congrads!
I'm glad I had
the chance to really
get to know you
this past year.
Remember all the
times at work and
struggling with
Loretta Mae. And
you teaching me
the proper procedures
of driving. While in
the process of me
not you getting stoned.
Thanks for being a
friend and I know
I'll see ya around

Vince, really glad this year
is over, hope you have a
great summer, you've been a
good friend, I'll miss you
Kathy

Vince,
You're a really
nice guy - I've had some
good times - especially in 11th grade
Hope you make it
through school. I'm sure
you'll see an awful lot of the
inside of a police station
this summer. I'm sure
you'll get a job
Best of luck
Vince
Kathy

Vince,
Well, since you're
graduating, I guess
I'll say goodbye
and good luck
in the future.
Have a nice
summer.
Love ya

(Hotelog)

Vince,
Hello there guy.
We really had quite
a few good times - We've had very
different classes
together - Mr. Ryan's class
was boring
but we made it
anyway. I'm sure
you'll see an awful lot of the
inside of a police station
this summer. Well I'll
be seeing you around
Take it Easy.
Love,
Edie

Vince Darlin' Vince
Great Sweetie
next time you're a really
accountant - I've had some
but we've been
friends (especially in 11th grade
Have fun - Well, that was boring
married (+ fun) I would
always in every thing!
Love Mary

Vince,
Hope you make
it through school
Good luck in the future
